

HUBBARTT LEADER AMONG BOWLERS

ROLLED 208 THURSDAY AND
ALSO HOLDS HIGHEST
AVERAGE.

ALL PLAYERS IMPROVING

Standard of Play in the City League
Is Getting Higher Each
Week.

Team	W.	L.	Pct.
Japs	19	11	.576
Turks	23	10	.697
Arabs	19	11	.576
Irish	19	17	.528
Danes	14	29	.444
Indians	16	29	.444
Scotch	14	18	.421
Irish	12	24	.333

Ten weeks of bowling is commencing to show the class of some of the bowlers. A steady improvement is to be noticed in the general average of the bowlers, most of the boys having

added many points to their average during the past two weeks. The weather is getting just right for good bowling, and the first snow will find the bowlers knocking down the pins like a cyclone in a forest. The number of bowlers who exceed the 160-pin average is constantly on the increase. There is no bowler in the league who is absolutely in a class by himself, for Hubbardt, the leader, with an average of 172 pins, is very closely pressed for the honors by at least half a dozen men. There is a lot of interest being taken in the league this season, and the league has not been compelled to postpone a scheduled game as yet. In former years postponed games were often in order to keep the league going, but this league is the best ever in this respect. The average game bowled in the league exceeds by at least 10 points the average of former years.

Turks Win Two.
The Turks won two out of three from the Scotch in a well played and interesting match on Tuesday night. The Scotch took the first game by a good margin but fell down in the second game. However, the last game was a hair-raiser, and it was only a combination of spins and "cherry" in the last half that beat the noble Scotchmen. The Scotch team is one of the most consistent performers in the league and deserves to rank higher in the league standing, but the breaks have been against them and absence of team members has hurt them.

The Turks lost three points in this engagement, however, and allowed the Arabs and Irish to make substantial gains. The Arabs and the Japs are now tied for second place, the Arabs having won three in a row from the Japs last Monday night. The Arabs, Japs and Irish are all close together and are making it interesting for the Turks.

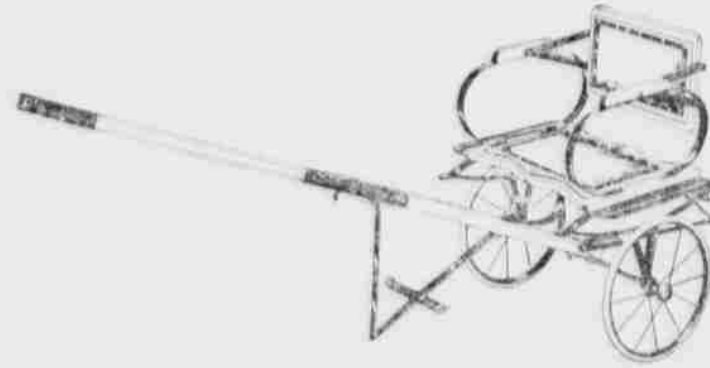

Captains Bowling Well.
The captains of the teams, without exception, are all bowling in fine form and setting their men a worthy example. Hubbardt, who replaced droogoy as captain of the Danes, is the leading bowler of the league at the present time. Ira Pitcher, captain of the fast Indian bunch, is setting the league after with his sensational games, and Cal born of the Arabs is doing likewise. Simon, captain of the Japs is a graceful bowler and one who gets the pins in large numbers. It is a pleasure to watch this athlete set his curve ball on the alley. Stewart of the Irish and McKerron of the Scotch are also doing well. Walter of the Turks always manages to get big scores at critical points and is a valuable man to his team. With captain of the Danes, who is doing well, but has been having some hard luck of late. It will be there with the goods after his team gets together better.

McLoy and Shaw Make Gains.
The punter in which Bruce McLoy and Ralph Shaw are improving their averages is worthy of mention. These boys are certainly there in the pinches and are making a rather

Gifts That Will Please the Boy or Girl

Gifts that will please the heart of any youngster and at the same time develop their bodies physically—velocipedes, bicycles, go-carts and ragers—the kind that are built to stand the service young America demands of his possession.

VELOCIPEDES, \$1.75 to \$10

Bicycles of all kinds, for ladies, boys and men. Every wheel guaranteed.

PACERS FROM \$4 to \$5

GO-CARTS FROM \$1.50 UP

Our line of Tool Chests for men and boys is the largest displayed in Tulsa.

Shot Guns and Rifles for Men and Boys.

Imported line of pocket knives. Seventy-five sets of carvers. One hundred maintenance sets.

M. C. HALE

Celebrated "World" Brand Silverware.
"Tey Hot" Bottles and Carrying Basket.

Electrical Gifts are Sure to Please "Something Useful" with the Charm of Novelty

Electric Coffee Percolator

—Produce the best coffee the quickest and the easiest.

Electric Toaster

—Makes toast almost instantly on the table at trivial cost.

Electric Water Heater

—Heats to a boiling point in a few minutes for the dining table, the quick lunch or the sick room. Warms baby's milk in less than three minutes.

Electric Hair Curler

—An instrument which adds greatly to convenience at the dressing table.

Electric Vacuum Cleaner

—Has robbed house cleaning of its toil and disorder.

Electric Flat Iron

—Its labor-saving capacity has placed hundreds of thousands in use during the last few years.

Electric Sewing Machine Motor

—Doubles the capacity of the sewing machine and conserves woman's health.

Electric Washing Machine

—Pays for itself in a few months by saving the laundress' wages.

Electric Chafing Dish

—Appeals to everybody for everybody likes good things to eat.

To make the list complete would tire your patience.

and the

Public Service Company of Oklahoma

for his place as team leader. This Irish bunch usually gets a number of pins in a match and are getting better all the time. Even at that, Stewart and Cardiff are not bowling quite up to their normal games, and are about due to get into the 170 class where they both belong.

Readjustment of Teams.
It has been suggested by several of the old heads of the league that a readjustment of the league be made so as to make the matches more interesting. Some of the boys are employed in such a way that they cannot attend the matches steadily, and it is suggested that all such be dropped from the league and the league reduced to six five-man teams. This would have the effect of throwing good bowlers together on all the teams and would not necessitate the carrying of bowlers who are bowling below the general average. However, no change will be made until after the 15th of this month, which is the last day of the present season. Every team will then have made the complete circuit twice. If this suggested plan is carried out, there will not be a weak man on any team, and the increased strength of the different teams would have the effect of making the matches real battles of brawn and of wits, and could not help but increase the interest taken in the league. It would be hard to improve on some of the teams as at present constituted, but there are several of the teams who could use one or two first class men to great advantage. A change would strengthen the weaker teams and would tend to lessen the difference between the leaders and the other teams. It is probable that the two teams lowest in the league standing would be dropped and the bowlers on those teams with the best averages placed by the remaining teams, or assigned to those teams by the board of control, which is composed of the captains of the teams and the bowling alley manager. The board of control will meet this week and decide what will be done in the matter if anything.

Games for This Week.
Monday—Turks vs. Japs.
Tuesday—Danes vs. Scotch.
Wednesday—Arabs vs. Irish.
Thursday—Japs vs. Indians.
Friday—Turks vs. Danes.

Hubbardt Sets Record.
In a practice game on Thursday night, Gail Hubbardt broke the record for the best score rolled in one game in Tulsa, when he put up the remarkably high score of 243. This score exceeds the best previous record of 225 pins, which was recently put up by H. R. Cline. This Hubbardt boy is some bowler and is no stranger to the 200-pin class of bowlers as he frequently bowls away above that mark. However, he was in exceptionally fine form on Thursday and broke the record. He followed it up by averaging a fraction over 191 for the three games of the Danes against the Indians. You have to give it to "Hub" when it comes to bowling, for he ranks with Tulsa's best.

Wanted—We are in the market to buy or make a drilling contract for leases in the shallow field. Morman Oil & Gas Co., 521 Robinson Arcade.

Wanted—Party with \$500 to take interest in lease, 23-27-15, 521 Robinson Arcade.

Rapid Revolutions
"Then your moving picture show in Mexico was not a success?"
"No, events in real life move faster than picture I could reel off."

REBELS EXPECTING A FEDERAL COUP

(Continued from page 1.)

and began a flanking movement on the army which the rebel general, Villa, has pushed to the captured city of Juarez toward Chihuahua. Villa's line is very much extended and his forces would be seriously jeopardized by a sudden incursion from a formidable force of 1,200 federals commanded by Orozco, and which is

rapidly advancing toward him, apparently with the purpose of driving him into Chihuahua.

Meanwhile, at least two other federal generals, with remnants of the army reassembled after the battle of Tierra Blanca, are reported to be concentrating on Chihuahua with the purpose of entrapping Villa's command. This movement might fail, it is pointed out, through the reinforcement of Villa's command by Carranza's troops. If the federal troops adhere to their original plan of making their way into the United States instead of surrendering to the constitutionalists, they will have to do so without conditions and probably will not be permitted to figure further in the political war

in Mexico. Secretary Garrison today said these refugees might cross the line, but they must do so without any understanding on the part of United States officials to permit them to return into Mexico.
